Cold Spell Misses Glades Just Right Says Weather Man

Cold Wave Causes Only Minor
Wind Damage To Palm
Crops

Timing of the cold spell this week was just off, but it was just right for the Glades, reports Wiley Milligan, field meteorologist with the federal frost warning service.

If the Monday and Tuesday night cold spell—late frost—had come earlier or later, it might have caused more damage than that scattered wind damage to tender crops.

Monday night the cold wave was just coming in and consequently the wind was high during the night, Milligan says.

On Tuesday the crest of the wave passed during the early part of the night and warming marine influences were effective after midnight.

Due to the beneficial influence of Lake Okechobee which extended several miles southward, temperatures were generally 35 to 39 near the lake. Temperatures ranged at 33 degrees some distance from the lake and from 29 to 30 degrees eight to ten miles away.

Lowest point in temperature was reached about 8 p. m. Tuesday night and the mercury remained at about 40 degrees until approximately 4 a. m. when a northeast wind from the Atlantic began to freshen.

Lowest temperature reported was in a few cold spots where the temperature fell to 38 degrees. The general low was between 42 to 45 degrees.

Due to brisk wind movement, frost damage was only minor following Monday night.

Produce Shipment Begins Up Swing

Rail and truck loadings began the seasonal up swing this week due to the running of early produce led by celery.

Truck loadings from 40 loads last week to 65 this week and rail shipments increased from 147 loads to 190 loads this week.

Trucking figures are derived from I. D. Walker, Vinson Henderson, A. E. Bramble and J. W. Brown.

Rail loadings for the week ending Wednesday night were:

MEET OF FARMERS PROD. CREDIT ASSOC. PLANNED HERE FOR JANUARY 18

The annual stockholders meeting of the Farmers Production Credit Association of South Florida is scheduled January 18 at 8 p. m. at the Municipal Country Club.

The meeting will be held in the Palm Beach room of the Hotel Palm Beach at 8 p. m. in the Palm Beach room of the Hotel Palm Beach.

The three year term in office as members of the Board of Directors of Mr. T. P. Haley of Homestead, and Mr. W. E. Sexton of Vero Beach, will expire with this meeting and it will be necessary to elect 2 directors. A report of the officers of the association will be presented at the meeting.

Local members who plan to attend should contact Mrs. J. L. Murphy for location room. Mrs. Murphy is in charge of arrangements for the meeting.

The luncheon is scheduled at 12:30 at the Melrose Hotel, says Chairman of arrangements, Mrs. William Gray, Mrs. Charles Maynard and Mrs. J. W. Brown.

Committees are: hostesses, Mrs. C. J. Aspey, chairman, Mrs. J. W. Brown, Mrs. J. W. Brown, Mrs. S. L. Wright, Mrs. Robert Creach, Sr., and Mrs. J. W. Brown.

Mrs. James Ball, Jr. and music, Mrs. L. L. Pipes.

Miss Jean Martin, local vice president, will present selections on the program.

Credit Bureau Employees Attend District School

Leslie Jones, manager of the local Credit Bureau of the Everglades, attended a school for employees of the Southeast District of Associated Credit Bureau of Florida and the Credit Bureau of America at the George Washington Hotel, West Palm Beach, last Sunday.

Problems of Credit Bureau managers and employees were discussed. Credit Bureau of Homestead, Miami, Fort Lauderdale, Delray, West Palm Beach, Fort Pierce and Belle Glade were represented.

Local Cattlemen Experiment With
New Supplemental Feed Programs

Everglades cows are heading for the moon and may jump over it the fastest growing industry in the South continues to develop in this area at its present rate.

Only 20 years ago a round up of state cattle on the scrubby piney woodlands would have gathered half a million scattered animals. Today Florida boasts 1,300,000 head of cattle worth more than \$100,000,000.

The most promising development has been in this area surrounding Lake Okechobee. And growth here has been accompanied with rapid improvement in feeding programs.

Most recent field of development within the industry are balanced supplementary feeding diets. Ranchers here are always trying something new and producing more proceeds from their stocks.

Just last week several ranching industry in the South continued to be used as a protein supplement and if the feed proves satisfactory they will buy much larger quantities, so

Main St. Owners Submit Petition To City Fathers

Eight Signers Ask Rejection Of
Proposed Rezoning Of
Street

A group of Main Street land owners presented a petition to the city commission Wednesday night through representative C. C. Thompson asking for consideration on proposed rezoning of the street.

Several weeks ago the city planning board recommended a resolution to the commission calling for rezoning from A to B residential lots adjacent to the city limits.

C. OF C. PAMPHLET ON AREA READY FOR USE

"Things to See and Do Around Belle Glade," a four page pamphlet published by the chamber of commerce, is now ready for distribution, according to Secretary Mrs. George C. Young.

Chamber of commerce officials plan to distribute the publication to establishments dealing with tourists and visitors.

Mrs. Young says that the office has 10,000 copies, enough for every car of foreign tourists passing through the city.

Tamiami Acts On Schedule Change Asked By C of C

Bus Schedule Changes Yet To
Be Approved By Utilities
Commission

Quick action is the label for recent notification from Tamiami Trailways on a proposed change in the local bus schedule which have been presented to the Florida Railroad and Public Utilities Commission for approval.

A local chamber of commerce has been hammering hard recently for an improved schedule for this section, and their efforts have been greeted with speedy results.

Another of their community betterment projects have been beneficial results for the city judging by the notice from the city.

According to a letter from A. T. Kirby, passenger traffic manager, to the commission, the chamber of commerce will be instituted immediately upon commission approval. Kirby states that he is not filing for the use of fifteen days notice so that the new schedule can be placed in effect without delay.

Proposed changes mean that bus service between here and Miami will be direct and without lengthy layovers in South Bay will be eliminated.

In the morning the bus will arrive from West Palm Beach in South Bay and will meet the Miami bus and conduct a shuttle service to Belle Glade and back to South Bay. The afternoon schedule will be direct since the other West Palm Beach bus will leave an hour later enabling it to connect with the Miami bus leaving South Bay at 4:50 p. m.

Schedule under the proposed changes is: morning West Palm Beach bus leaves here 8 a. m., arrives South Bay 7:40 a. m., leaves South Bay 7:45 a. m., arrives Belle Glade 7:55 a. m., leaves Belle Glade 8:00 a. m., arrives back in South Bay at 10:25 a. m. It connects at South Bay with the 7:40 bus from Miami.

The afternoon West Palm Beach bus will leave at 3 p. m., arrive Belle Glade 4:40 p. m., and leave South Bay at 5:50 p. m. This bus will connect with the 5:10 p. m. bus leaving for Miami in South Bay.

The bus leaving Miami at 6 p. m. and arriving in Belle Glade at 8:15 p. m. already is a direct connection.

The two earlier directories have meant some confusion for the firms. The 1951 edition will have a new arrangement to facilitate use by defense procurements agencies and contractors, state chamber officials say.

It will be bigger and better than the previous editions published in 1944 and 1948. Secretary of the state trade board reports, first print order will be for 3,500 copies, 500 more than for the first two, and will be distributed nationally and internationally.

DEFENSE COUNCIL ASKS CITIZENS TO REGISTER FOR FIRST AID COURSES

T. R. Allen, deputy director of operations of the Civil Defense Council, urges those interested in taking a first aid course sponsored by the Council to register right away.

Registrations can be given to Allen by phoning 9122 or to City Clerk Frank Anderson at the city hall. As soon as new courses are started those registered will be notified instructors, Allen says.

Courses include a standard with 18 hours, advanced with 24 hours and instructors with 40 to 50 hours.

After the training courses are well under way, the council plans to start a blood typing program in the city, Allen says.

Special Election Tuesday To Determine Parking Meter Question In Business Area

LORIN RAULI IS NAMED
MAN OF YEAR IN AG.

Belle Glade and Sarasota celery grower, Lorin Rauli, has been named Florida's Man of the Year for service to agriculture by The Progressive Farmer magazine.

The award is announced in the January issue.

Rauli was reelected President of the Florida Farm Bureau for 1951.

Under his leadership in 1950 the Bureau's membership increased one-third and the organization obtained a permanent home at Winter Park.

"As farmers, we must play an important part in coming events," he says. "Agriculture, the backbone upon which all other activities are founded, must be so productive, so fairly and generously managed, and so mindful of the individual freedoms and responsibilities that the democratic way of life we have chosen will not only be preserved, but will be expanded into a better world for all people."

Born in Savannah, 63 years ago, Rauli graduated from the University of Georgia, lived in Atlanta for 30 years, and engaged in general and dairy farming from 1910 to 1917.

In 1928, the Rauli family moved to Sarasota.

"Nearly ever since," says the Progressive Farmer, "they have been in the forefront of the parade where wholesome, sound development of agriculture was concerned."

In 1943 Rauli was named a director of the Florida Farm Bureau and since then he has been chairman of the Florida Vegetable Committee, now the Florida Fruit and Vegetable Association.

Other Floridians who have been named Men of the Year by The Progressive Farmer in other years are: Nathan Mayo, Wilmon Newell, A. O. Partin, J. Warner, L. H. Kramer, Arthur Forest Camp, P. E. Williams, Walter Anderson, Edwin Hall Fainlayson, and Paul B. Dickman.

During the drive area workers will be asked to contact members of the community.

The organization was formed last year with Mrs. Harrison Rauli as president and has contributed to the hospital program in many ways. Last year the group purchased 100 hospital bed side tables and desks, kept reading material including Bibles supplied for patients, took charge of patient occasions and programs and mended and sewed equipment.

Each woman's organization in the city has an active representative in the Auxiliary and through the representative take charge of hospital sewing for a month.

Auxiliary plan this year is to hold every other meeting at the hospital where Mrs. Carol Hines, Supervisor of nurses, will direct members in folding, sewing, rolling, testing rubber gloves and wind.

SOUTH BAY COUNCIL CONDUCTS HEARING

A public hearing was conducted Thursday evening at the school auditorium by the South Bay Town Council on the proposed new charter for the Town of South Bay.

Mayor O'Neal Walker presided over the gathering of some 35 citizens. Attorney Ralph O. Johnson gave a resume of the provisions of the charter as compiled by Attorney Jack O. Johnson before leaving for active duty with the U. S. Navy.

The discussion was open to all present and several changes were suggested in the provisions of the charter.

Mayor Walker and C. E. Critchfield, president of the Council debated informally on the question as to which was the more advantageous appointment of the Chief of Police, Town Clerk and Fire Chief by the mayor with consent of the council as in the past or by public election. A straw ballot was conducted Friday at the Town Hall.

53 registered voters cast their ballots in this straw ballot. They voted 54 to 8 for the election of the Chief of Police, and also overwhelmingly for the appointment of mayor out of the five elected councilmen rather than by election as in the past.

The mayor to preside over the council with privilege of voting on any and all questions.

Opinion was fairly evenly divided as to appointment or election of the Town Clerk and Fire Chief.

The Council is having the final draft of the proposed charter made will take into consideration the suggestions made at the hearing and the results of the straw ballot as indications of the will of the public.

THE PYGMY RATTLESNAKE

The pygmy rattlesnake is one of the smallest species of poisonous snakes in the United States, adults ranging in length from 18 to 25 inches. The bite of this little rattler produces severe pain and swelling, but is seldom ever fatal to man. The tiny rattle of this snake can be heard for a distance of only a few yards. The pygmy rattlesnake feeds mostly on crickets, frogs and lizards. Like other rattlers, it gives birth to living young, and produces about a dozen babies at a time. The species is very common in Florida.

menting with feeding calves a mixture of orange pulp, molasses and cotton seed meal in the proportion of ten pounds of molasses to every hundred pounds of feed. If he feeds the combination to older steers, he cuts down on the molasses. He is also feeding pellets to older stock.

This is the latest step in the story of why Florida cattle aren't what they used to be, and why the income from them isn't either.

Only a few years ago the Everglades Experiment Station gave the industry a shot in the arm when it showed that it was possible to raise 2,000 pounds of beef on a single acre of peat soil in one year. The green lot feeding system was developed here. The system animals are put on the lush pasture but at the same time given all the concentrated feed they will eat. Following 120 days of the treatment, rounded animals are ready for market.

Introduction of the sacred cow of India was a boon to the industry. These animals are ever reverenced in the Glades, and they are faster than any other breed of cattle and reach maturity early. They have a resistance to various diseases in the section such as heat, diseases and insects.

And the annual income from the industry has made just as spectacular a rise as the class of cattle in recent years.

Income from Florida beef cattle in the five-year period 1945-49, was 12 times as high as the income in the 1931-35 period, according to Dr. Henry G. Hamilton, head of agricultural economics in the University of Florida College of Agriculture.

National farm marketings of cattle during the two decades increased only 5 1/2 times, while the income in the 1951-55 period, according to Dr. Henry G. Hamilton, head of agricultural economics in the University of Florida College of Agriculture, increased 12 times in income in Florida, he pointed out.

EX. STATION (Continued from Page 1) would ultimately produce a material more readily adaptable to

J. I. Case Company. To obtain full advantage of the rapid change feature, the connection points had been reduced to the minimum, and the range of adjustments made quite wide.

Work of the Farm Tillage Machinery Laboratory, at Auburn, Alabama, for the last 15 years was reviewed by Dr. E. G. McKibbin, Director. In his paper, he indicated that the laboratory needed new test soils, and asked for some to be held in south Florida.

Martin County's Fourth Annual Rodeo January 13th and 14th will be bigger, and more colorful than previous productions," says Mr. G. C. Troup, manager of the 25,000 acre ranch and producer of the all-star, championship rodeo.

"Our show is divided into two parts. First comes customer comfort. The arena is dust-proof. A 25-acre grassed-over parking area assures adequate stabling for cars with easy entrance and fast exit. Parking will be directed by Sheriff "Dick" Hancock of Martin County and his able staff assisted by State Highway Patrolmen."

"Seven thousand (7000) new permanent bleacher seats have been built. The top row is 18 feet above the arena. A new, four-way public address system has been installed. A reserved section and ringside boxes will be available for the first time. New toilet facilities are ready. A bleacher section is reserved for colored folks. Of interest to rodeo fans is the price of admission. There is no increase over last year, adults \$1.50, kids 75 cents, reserved \$1.75, ringside box \$1.99.

"The rodeo will be produced with the approval of the R. C. A. (Rodeo Cowboy's Association) with headquarters at Fort Worth, Texas. This guarantees that all contestants must be qualified performers and in good standing. Day money in the events of bronc riding, calf roping, bull-dogging, saddle-bronc riding and bull-riding will be \$100.00 with entry fees added.

"This rodeo is equal to the best in the West," says producer Troup. Many Western top hands and champions from Madison Square Gardens will compete with Florida cowboys for substantial cash prizes and awards. For the first time this year we are staging a two-day show to accommodate people who cannot attend on Sunday.

New Bethel Baptist Church

Rev. W. Porter, Pastor
Mrs. Annie Mae Everett
Sunday School was opened at the usual hour with the Supt. Dea. Sandy Kendall, Lesson Sub. Jesus begin His Ministry. The lesson was carefully reviewed by Rev. H. C. White.

Sunday afternoon the Y. W. A. gave a tea at the home of the president, Mrs. Annie Mae Everett. The Y. W. A. of First Baptist were their guests.

7:30 p. m. Rev. H. C. White had charge of the service. He preached a helpful sermon on Monday night the Women Home Mission Society met at the home of Mrs. Martha Farington. Lesson Sub. Jesus Christ, the Way and Truth. The lesson was taught by the Bible exposition. Then it was discussed by the members.

All readers are welcome to attend our public services.

Pahokee Elementary School

Mrs. D. J. Christian, Reporter
With newly elected officers
The Pahokee Elementary School P. T. A.

started the new year with its first meeting Monday evening, January 8. The following were appointed to serve: Mrs. Pauline Stokes, President; Mrs. Gladys Massey, first Vice-President; Rev. E. Wright, second Vice-President; Miss Carrie J. Clarke, Secretary; Mrs. Maggie Taylor, Treasurer, Committee Chairmen: Social, Mrs. B. De-shazer; Program, Mrs. Mary White; By-Laws and Procedure, Mrs. Ella Jenkins; Membership, Mrs. Sadie Thompson.

A drive for new members is being launched in order to revitalize the P. T. A. in Pahokee which has been rather inactive this year. Meetings were set for the second and fourth Tuesdays of each month. Although many of our parents were not able to attend, the meeting was quite successful. Certain objectives were set for the new year, the major objective being to work towards obtaining adequate furniture, equipment, and supplies for our crowded classrooms. Refreshments were served which were greatly appreciated, particularly the hot chocolate which helped to warm us as we went out into the cold "wintry" night. The next regular meeting will be held on Tuesday, January 23rd, at 8 p. m.

Classroom Notes
Our second grade children are

being given a rather interesting vicarious experience through their social studies and art classes. During the month of January their teacher, Miss Clark has planned an Eskimo or wintertime unit. The room is attractively decorated with Eskimo motifs. These are the basis of the creative drawings being done by the children.

Through reading and story telling the children become acquainted with living in colder lands.

During the month of January the fourth graders have selected Benjamin Franklin as a historical character, whom they will study. The life, experiences, and accomplishments of this great American Statesman and inventor present an excellent opportunity for correlation of subjects. As a scientist Benjamin Franklin gave us the earliest source of electricity. As a philosopher he gave us "Poor Richard's Almanac" from which we have many homey but valuable bits of sage advice, such as: "Save and Have." "Haste makes waste." "Neither a lender nor a borrower be." "A word to the wise is sufficient," etc. During his early life Benjamin Franklin worked as a printer. During his later life he became our most outstanding elder statesman to whom all government figures, national and international turned for advice during the early days of our great American Republic. Rising above all types of boohood deprivation and adversity, Franklin became one of the most admirable representatives of the true democratic way of life, and left for our own day many principles for good, peaceful living in a world that seemingly moves from one crisis to another. The fourth grades are recognizing Benjamin Franklin's birthday on January 17. Perhaps there is a thought for all of us in his simple but great philosophical ideas and ideals.

Everglades Vocational High

The band is sponsoring a contest to raise money to purchase uniforms. The time has not been set when the contest will end but contestants have already begun to sell tickets. The winning contestant will receive a wrist watch and will be honored with a banquet given in the community in which he lives. The band leader, Mr. band are asking everyone to Hamilton, and members of the cooperate with them. This drive is under the sponsorship of Mr. W. C. Taylor, a local civic worker who has given much time and effort toward assisting the band. All persons in the community are asked to help us in this drive by purchasing tickets from various band members.

Everglades Vocational High School's Basketball teams will go to Glifford to play Gifford in one of the first games of the season. There are twenty-five

players who are planning to make the teams. There will be a varsity and a "B" team instead of the usual senior high and junior high school teams.

The Bobcats went to Vero Beach to play Sebring Tigers in a thrilling football game on Christmas Day. The kickoff was at 2:00. Both teams drove hard up and down the field but there were no scores made in the first half. In the third quarter, the Bobcats recovered a fumble on the 30 yard line and drove 80 yards for a touchdown. Walter Alexander failed to convert. In the fourth quarter the Tigers lost the ball on downs and the Bobcats took over and drove sixty-five yards for the final touchdown of the game. Marvin Bolden converted, which made the final scores 13-0 in favor of the Bobcats. The scores were made by Oliver Davis and Walter Alexander, both seniors. This was a charity game sponsored by the Lions Club of Vero Beach. The Band accompanied the football team on this trip and performed magnificently between halves.

Second Grade A best spellers for the week: Samuel Lee, Daniel, Willie James Hampton, Geraldine Chapman, Marshall King, Minnie Lou Johnson, Kirk Leon Jones, Vera Williams, Alma Jean Federick, Robert Willie Belle, Jr., Willie Louise Smith, Leza Belle Holoway, Willie Mae Kearse, John Barber, Harry Phillips, Jimmy Lee Davis, Blanche Alexander, Willie Mae Clark. Second Grade B best spellers for the week are: Lubertha Lumpkin, Carolyn McGiffert, May Francis Kearse, Ralph Schuler, Paul Simmons, Lorene Luster.

"It's like being born again now that I'm taking Bexel Special Formula. Now I go everywhere with the old bunch, do all the things I used to pass up because I didn't have the strength and energy. It's wonderful!"
MISS EVELYN ZANDER
2154 Dean Street
Brooklyn, N. Y.

"Thanks to Bexel Special Formula, I can really enjoy life again. For a while there I was plumb disgusted with myself for being so tired and jittery all the time. But Bexel sure fixed me up fine!"
